# Supporting EYFS learners with Reading Hub

Your class dashboard will give you an insight into how their reading is progressing

Above	4
Expected	5
At Risk	2

Learners 'at risk' may not be engaging with their reading as successfully as other learners.

Encourage engagement

Maya Andrews

MayA309926429

Age	RH Age
5y & 07m	5y & 08m

Weekly reading rate		0/7
Avg reading duration		H:0 m:5 s:35
Difficult words searched		0

Books read		1
Reading habit		15 %

Use the learner's individual dashboard to help identify where the problem might be:

- How often are they reading?
- How long are they spending reading?
- How many eBooks have they read?
- Is there reading habit % low?

If these figures are low it could mean that learners are struggling or not engaging with the app at home.

Suggested interventions

Word reading

Keep track of words commonly being searched for. Is there a pattern of sound blends? Support in school with an object and word pairing activity.

Comprehension

Set task to anticipate what they think will happen next in the book they're 'currently reading'.

Comprehension

Review 'read book comments' and 'daily reading comments' to ensure that your learners are discussing the books they're reading.

Word reading

What diagraphs are being searched for? Go over these in school with a memory or imitation game (e.g. use the index finger to mouth for 'sh').
