

# Supporting SEND learners with Reading Hub

## Recommended for Niamh:

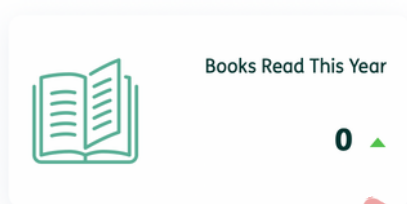

If your learners are stuck in a 'reading loop' use the recommendations on their dashboard to steer them in a different direction

Set tasks as a class or as an individual to support with their cognition and learning targets

# Suggested interventions

## Individualised learning

In the 'tasks' tab you can set each learner an individual reading task which can be accessed through their individual learner profiles.

## At-home support

Reviewing the 'searched for words', you're able to see which words learners have needed to get definitions for to inform in-school interventions.

## Comprehension

Ask students to write a comment after a reading session to explain their understanding of what's just happened in the story.

## Communication

Set a task for your learners to review the book their reading and share this with their peers.
